

Lewis S. Libby School Website Permission Form

Dear Parents/Guardians:

The Dr. Lewis S. Libby School website (www.drlewislibbyschool.org) is a school controlled and monitored website used to inform our community about the many great events taking place at our school as well as to recognize the wonderful academic and extracurricular accomplishments of our students.

Often, the best way to share our student's activities and accomplishments is through photographs or by recognizing students by their name. Some examples might include listing a student's name on the honor roll page, listing a student as student of the month, or posting a team or club picture on the extracurricular page.

Please note that we will never intentionally link any student's image with their name. For example, with team or club rosters, we will print the names of students alphabetically and have them place in the photograph differently.

However, we also respect the wishes of parents/guardians, who may not want their child's name, work, or photo to be displayed on the Dr. Lewis S. Libby Website. To help us know what information or images we may include on our web site, please review the choices below and indicate your choice with a check mark.
